Making Good at

St. Petersburg, Fla.

The following is what The Independent, a daily paper of St. Petersburg, has to say of the appointment of W. M. Dishman as Judge of The Municipal Court of that city:

"W. M. Dishman, one of the leading lawyers of the local bar, today was appointed judge of the municipal court to succeed Judge Roy V. Sellers, whose time has expired. Judge Dishman will qualify at once and expects to hold court tomorrow morning for the first time.

"Judge Dishman's appointment was generally popular as is he and the commissioners feel that he is well qualified to be judge of the city court. He is a lawyer of ability and has the judicial temperament to a marked degree. He came here from Kentucky and has built up a good practice. Judge Dishman has served as city judge on several occasions when Judge Sellers was out of the city and his decisions in those cases he tried attracted the attention of the commissioners. Judge Sellers retires from the bench with the respect of the people and his record has been good."

Human Cancer Research

On July 15th, Johnson's Pathological Laboratory for Cancer Research, located in Kansas City completed the tenth year of research in human cancer, having reviewed more than fifteen thousand cases in this time. It has remained for this Kansas City institution to attain the nation's greatest progress in the diagnosis and prognosis of this disease.

Johnson's Pathological Laboratory for Cancer Research bases its investigations and conclusions upon the proposition that cancer is a constitutional disease—neither a vegetable nor animal parasite. Therefore its researches are exclusively clinical; that is, dealing with cases of human cancer coming under its examination, of practically all varieties, locations and stages of development. It is proven practice instead of undemonstrated theory, hence the laboratory review is actual and practical, instead of being builded upon theoretical research with the neoplasms of mice, rats, guinea pigs, rabbits and chickens.

The determination of Johnson's Pathological Laboratory for Cancer Research, covering a period of ten years in reviewing more than 15,000 actual cases of Human Cancer, are as follows:

1. Cancer is a chronic alkaline intoxication caused by the retention of body wastes.
2. The fixation of the mineral alkalies in the tissues by retained carbonic acid is the cause of the alkalinity.
3. Cancer is a constitutional disease.
4. The location of the cancerous tumor is determined by chronic irritation.
5. This chronic irritation may be direct or reflex.
6. Cancer is a disease of middle life and old age.
7. Cancer is not hereditary.
8. Cancer is not contagious.
9. The cancerous tumor is merely a local manifestation.
10. Hyperalkalinity is necessary to cancerous growth.
11. The skin cancers of the face, neck and hands are found on persons of fair or blonde complexion.

Exp: sure to the weather is

an important factor in producing skin cancers on blond people.

13. Skin cancers predominate in men for these reasons.
14. There is no pain in the early stages of cancer.
15. Habitual constipation is always present.
16. Cancer patients have a sub-normal temperature.
17. Cancer patients pass a small amount of urine low in chlorides and alkalies; high in specific gravity and urea.
18. Practically all cases of external cancer are amenable to medicinal measures promptly and intelligently employed.

A Good Worker for Union

London, Ky. July 14th, 1915.
Prof. D. M. Humblet.

Gray, Kentucky

Dear Humblet:—

I am certainly glad to hear that you have been put in charge of the field work for Union College and at the head of the Normal Department.

Now, if you can get students like you did at the Sue Bennett, you will fill the Union to overflowing, and then I am sure that all will go well with the Normal Department. I know this by calling to memory your work in the Normal with me at the Sue Bennett in the years 1911 and 1912. Your work with me was a grand success and the most pleasant of all my school work.

I am, truly yours,
J. M. Feltner,
Superintendent of Laurel Co.

Big Land Deal on

Judge F. D. Sampson is in New York City this week attempting to negotiate a deal whereby some of his fine coal property in Knox and Clay Counties may be developed. Some New York people have had the property under consideration for some time, and have examined it through their engineer, and it is reported the property is all that is claimed for it, and that a big deal is likely to be pulled off in the near future, which will mean large developments and an awakening in the coal industry in Knox and Clay Counties.

Blue Grass Farm For Sale

Take Overland Agency

A. D. Smith and W. R. Barner have secured the agency for the Overland automobile. Their first car arrived Tuesday and is now the property of Robt. W. Cole. Messrs Smith and Barner are very much elated over the future sales of the Overland here. They say this is the best possible car that can be bought for the money. A car for demonstrating will arrive in a few days and they will take pleasure in showing you its many pleasing features.

ALMOST ANY CONSUMPTIVE MIGHT HAVE THIS

POSTS support a framework on which a floor has been built. Above this is a tent. A mosquito netting surrounds the sides. Inside, this room is large enough for a bed and a chair. This can be used in any except the severest winter weather. A double canvas top with eight inches space between will make it cooler in summer than the single tent. Any practical builder can erect this cheaply.

McCREARY STRONG

FOR SNYDER

Whitley City, Ky.
July 18th, 1915.
Mr. B. B. Snyder, Chairman,
Williamsburg, Ky.

Dear Sir:

Answering your inquiry, as to the prospects of J. B. Snyder carrying McCreary County, we beg to say that we have no hesitancy in stating that Snyder will carry McCreary County by a majority of from 800 to 1200, and this opinion is concurred in by the most conservative people in this section.

Respectfully yours,
J. E. Williams, County Judge,
Acting County Judge, John Foster, adv.

GLAD SHE TOOK

FRIEND'S ADVICE

Mrs. Katherine Meyer
Finds Relief From
Debility in Tanlac

Louisville, Ky., July 22—Many women suffer from sluggishness and depression without being able to find relief from a condition which they know to be unnatural. One of them who did find relief is Mrs. Katherine Meyer, of 1915 High street, this city. She said recently that she had recovered from a condition of nervous debility through the use of Tanlac, the peerless preparation.

"I was run-down and felt tired if I made the least exertion," she said. "I was melancholy and nervous. Any unusual noise startled me. My digestion was poor, and I couldn't sleep well. Finally I became interested in Tanlac and sent to the drug store for a bottle of it. As soon as I began taking it I got better. Now I sleep soundly, and have recovered from my nervousness and depression."

Mrs. Meyer's experience is not unusual. Women often suffer from a tired, sluggish feeling without knowing the why of it. They are often subject, too, to depression and melancholy. Where Mrs. Meyer found relief, others may. She is one of hundreds who have given voluntary testimony to the value of Tanlac. Tanlac can now be had in Barbourville at the Herndon Drug Co's. drug store. [adv.]

How to Make

And Keep

The Road Dry

Water, plus clay or ordinary earth, when mixed, invariably forms mud. On ordinary earth roads the rains and melting snow furnish the water and the passing traffic the mixing, and the result is muddy roads. Take away the water or prevent it from mixing with the clay or earth on the road surface and little or no mud will result. In other words keep your road dry if you wish it to remain hard, smooth and free from mud.

Except in very sandy or arid regions, good drainage is the cardinal principle in the maintenance of earth and gravel roads. Get the water away from the road as quickly and completely as possible. Water naturally seeks the lowest level. You can not keep the water from falling on the road, but you can assist its natural inclination to get away to a lower level. Keep the ruts filled and the road crowned with a slope towards the side ditches of from three-fourths to one inch to the foot, and the water will not collect on the road to soak in and be mixed to mud by passing traffic. Keep the side ditches clean and with frequent outlets to get the water away from the road entirely. Do not let the culverts clog up or material accumulate in the ditches and hold back pools of water to soak into and soften the foundation of your road. Water is an enemy that will run away if you will give it a chance. Do not neglect to give it every chance. It will pay and pay well.

Like most other enemies, water is not very destructive or dangerous until it collects in force. Therefore, get the water away from your road at every available opportunity and before it has time to collect in sufficient volume to be dangerous to the road, and do not invite certain disaster by making your culverts too small to care for the largest possible storm. Furthermore, build the culverts so that the water will, of necessity, flow through them and not find a way around or beneath them. Properly designed substantial wing and end walls are the fortifications which protect the culvert from attack and destruction during severe storms. Do not build dry weather culverts; build them with a view of caring for and protecting the road during the worst possible storms.

Make your road dry, build it hard and compact with a crown sufficient to shed water rapidly to the side ditches, and with ample culverts and drains. To keep your road dry maintain the drainage in good condition. Drag your roads after each rain; dragging fills in the ruts, smooths the surface, and maintains the crown. On a road which has been properly dragged the rain finds no place to collect and soak into and soften the surface. Unless the rain is of long duration the surface is softened but very little. As soon as the rain has ceased and the road surface dried so that the clay is not sticky, but while it is still plastic, drag the road again. Any depressions or ruts which have been formed during and after the rain are thus filled, and the surface smoothed up and plastered over with a thin plaster of clay or earth which packs and becomes very hard under passing traffic. Therefore, in order to make and keep your road dry, first provide

for good drainage and then maintain the good drainage by systematic draining after each rain. Diligent attention to these points will, in general, insure an earth road fairly passable at all times and very good most of the time.

The Presidential Situation

Washington D. C., July 22, 1915.

More than a dozen States, according to present indications, will enter favorite sons in the free-for-all race for the Republican nomination for President next year. With this early and numerous outcropping of candidates, some of them actual and others potential, there are a few politicians who are already declaring that the nominee will be an outsider—a dark horse. At this time, these students of politics say, the best choice of the probable dark horses is Charles Evans Hughes, associate justice of the United States Supreme Court.

Mr. Justice Hughes specifically has announced that he is not to be considered in any way as an aspirant. This undoubtedly preclude his being put forward as New York's favorite son in the party convention. However it would hardly operate to stop a stampede in his direction should the convention in its deliberation find that he is the logical person to unite the broken party factions. Likewise, it is not probable that Mr. Hughes would refuse a nomination tendered him in this manner on a silver platter.

Out in Illinois the friends of Representative James R. Mann, the minority floor leader in the House of Representatives, have calculated that it is not at all essential that he go to the convention as a favorite son of his State. It would be vastly more to his advantage, in present Republican political conditions, to be a second choice in several States than first choice in only one. There are, Mr. Mann's friends despite the growing prospects that Senator Lawrence V. Sherman will go to the convention with the indorsement of Illinois are going right ahead in their efforts to cultivate a good feeling for him in other States as well as in his home State. A few complimentary ballots for Mr. Sherman, it is urged, will show the futility of further voting for him. Then the delegates will turn to Mr. Mann.

Another formidable dark horse candidate is likely to be Col. Roosevelt. Even should he be eliminated as a favorite son in the New York State primaries, there is nothing to keep the convention from nominating him should it take a notion that way.

In politics today, as never before, there is great uncertainty. Conditions change almost overnight. Several months ago President Wilson's popularity was thought to be at low ebb. Republicans were hopeful and jubilant, and as a result of this feeling there began to be discussed the various leaders in the party as timber for the presidential nomination next year. President Wilson's prospects have since materially changed until they are again rising toward flood. Still the many aspirants and possibilities for the Republican prize have not grown less.

There is no chance that any man will have on the first ballot approximately a majority of the delegates. It may require many ballots to develop the strongest candidate.

Barbourville is a Good Town in Which to Live

Think of the beauty of the town of Barbourville. Look out at your window and you see in the near distance as beautiful as the mountains in the land. Climb to the top of the hill, and you see the beautiful and gracefully winding river, the ribbon through the town. Between the river and the town is a beautiful climate, the air is fresh, the water is pure, the food is abundant, the people are kind, the town is in the center of a farming district, from the early spring till autumn, the weather is just what is good to live in. Your door at a Barbourville home is open to the world.

Barbourville is a town in which you can live in comfort for more than a year, and which the reputation of a social influence is growing. There are two excellent schools with six and eight grades which draw pupils from all over the county. A new High School building is being constructed. You have eight churches. You have the conveniences of a city, such as a telephone, telegraph, and service, both day and night. You have a water plant, drainage, and water from deep, pure wells. A sewerage system, a plant for the removal of sick patients, and a factory, ice factory, and a large National bank.

Barbourville is situated on the Cumberland River, and the L. & N. R. R. runs through the town. You have a good highway. You have a good school, leading to every part of the County and to the State. You have a new railroad under construction, opening up a world of timber and coal. The Cumberland Mill Co., L. I. Co. has engaged a large number of shops and yards here. Barbourville is a good town and has a bright future. Wake up! You live in a good town that's worth a lot of money.

Inform the Editor

One of the most difficult of the editor's jobs is to get facts about births, marriages and deaths. People seem to think he ought to know these things by intuition. That is, the birth, marriage or death is of such importance in the immediate family that it is presumed the editor will be informed by some wireless or just grow into the information. Then, when the paper comes out, and no mention is made of the event, the editor is blamed for not running a good newspaper or not getting all the news. Remember there are a good many people in this county. If the editor knew each of them by name, besides their family history and the chief events in the lives of every individual, he wouldn't be an editor. He'd be a demi-god, resting his feet on a cloud and sipping ambrosia instead of inhabiting a broker-lover's office chair and wondering where the money for the next white paper bill is coming from. We're anxious for news for the paper, and it won't put you out much to drop by the office or telephone us.

Mr. S. H. Jones Unfair

In our opinion Mr. S. H. Jones is making unjust and unfair statements against Brother W. H. McDonald. We understand that Mr. Jones is making light of the fact that W. H. McDonald is a member of the leading fraternal orders. It is true that Brother McDonald is a prominent Mason, Odd Fellow, Red Man, Knights of Pythians and Junior Mechanic. The writer is an humble member of nearly all of these lodges, and we desire to say to Mr. Jones that if he was a member of these orders, or any one of them, he would be forced to realize and say that it is an honor to any man to be identified with either one of these great orders. Every one of these orders have for their cardinal principles belief in God, the Fatherhood of God and the Brotherhood of Man, and that it is our duty to protect, provide for and educate the orphans, give aid and comfort to the widows, and to look after the distressed.

Of course these orders are not concerned in the piling up of riches, but rather to do those things that will make for the laying up of "Riches and Treasures" in Heaven. If Brother McDonald had not given so much of his time to carrying out the principles of these great orders, he might not be the poor man that he is, but be a rich man as Mr. Jones is.

We understand that Mr. Jones is charging that Brother McDonald, while he was Great Sachem of Kentucky, received a salary of \$2,500.00. Of course Brother McDonald would not be deceived by this statement. They know, and all persons know, who know of the facts, that Brother McDonald did not receive one cent of salary, and in going over the State and looking after the business of the Red Men, he only received his expenses.

Again Mr. Jones has charged that Brother McDonald has received and is receiving a pension from these lodges. We, who are members of these lodges, know that this is not true. They do not pay any pensions. We as members of a number of these lodges with Brother McDonald, know that he has not, in years and years, even presented a claim for sick benefits, and he has been in bad health for years and could draw benefits off of the lodges if he would demand it, but we have found that Brother McDonald is not in these orders for "pension" and "sick benefits". We know, from what we have seen of him, that he is in these orders for the good he can do humanity.

It is true that Brother McDonald has been highly honored by the Masons, Red Men, Knights of Pythias, Odd Fellows and other lodges. This is not a discredit. The fact that Brother McDonald was chosen Great Sachem of the Red Men of Kentucky, was the Master of Mountain Lodge two successive terms, passed the Chairs in the order of Odd Fellows, and held honorable positions with the Knights of Pythias and Mechanics, shows that Brother McDonald is looked upon as an honest man and is able to and does some real work for humanity. The Masonic Lodge of Barbourville was in debt in a large sum of money for its building, and no one wanted to take charge of the Lodge because of its heavy debt, but Brother McDonald took charge of it and worked it out of debt. Had Brother McDonald been close-fisted, and shut his eyes to those "in need and want" he might have now been a wealthy man as his opponent is. Our fraternal brothers, teach us to live for others, and not to live for ourselves alone. No selfish man could reach such a high place in these orders as Brother McDonald has reached. Mr. Jones certainly cannot expect to win the votes of the good people of Knox County by abusing Brother McDonald because of his connection with these honorable orders. Yours Fraternally,

(Signed) A brother Mason, K. of P., Odd Fellow and Red Man.

Will Spend it in Knox County.

Mr. S. H. Jones comes out with a card in which he says that he is the man who will run the office of Circuit Clerk right and spend the profits of that office in Knox County, instead of putting it in his pockets and spending the money out of Kentucky.

Now, who ever heard of W. H. McDonald spending any money out of Kentucky? It is true that McDonald did buy an automobile from Dr. Keane, who lives in Kentucky, for the price of \$375.00, which is a less amount than the price of a horse and buggy and harness.

Yes it is true that Mr. Jones does spend his money in Kentucky and Knox County. He comes to you and buys your cattle, "jeweling" you down to the very least cent possible, taking them to the markets and many times doubling his money in the deal. Returning to you, when asked how he came out in his deal, he will at once tell you that he lost money, and in the same breath he will try to buy more cattle.

His brother, Dr. T. W. Jones, owns and drives an automobile that cost more money than McDonald's cost him, yet, when Mr. S. H. Jones desired to have his wife taken to the train when she was sick, he did not hesitate to call on McDonald to take her to the depot, which he did, without one cent of cost to Mr. Jones. Has Jones spent his money elsewhere, except in Knox County? It occurs to us that he dumped a lot of it into a corporation, organizing a gigantic coal operation in the County of Perry.

He says he will run the office right. How do we know? He has not, as yet, proven to the people by going before the Court of Appeals, standing an examination as to his qualifications and procuring a certificate. McDonald has done.

Oh, consistency, a jewel thou art! Has it come to pass that none except a particular few has the right or sense enough to hold a public office; except one of this particular family?

S. H. Jones has just gone out of the best office in the gift of the people, that of Sheriff. His brother, J. R. Jones, held the office of Clerk for two terms, 12 years. It has been a custom since the organization of this County to re-elect a Clerk of the County or Circuit Court. Why not give McDonald the same courtesies that you did J. R. Jones.

McDonald is qualified. He stays on the job. He treats you right. Jones, when he was Sheriff of Knox County, could rarely be found in his office or in the Circuit Court room when Court was in session. Those of you who have been about the Courts know how I have performed my duty. I will leave that for you to say at the polls on August 7.

Yours very truly,
W. H. McDonald,

L. H. Jarvis Asks Voters to Support W. H. McDonald

To My Friends and Voters of
Knox County:

If there is anything in what my brothers-in-law, J. R. Jones and S. H. Jones say, don't you think they have been honored enough by the people of Knox County?

In the county primary in which S. H. Jones and I were opposing each other, they told it all over the county that I had been elected to the office of Sheriff one term and they thought that to be enough for me. (Only a three year term)

S. H. Jones has had the Sheriff's office a term of four years. J. R. Jones has had the Circuit Court Clerk's office two terms of six years each, twelve years. His friends had him appointed postmaster for one or two terms, and he has been Master Commissioner of this County. I, his brother-in-law helped him to secure his election to the above named offices. I also voted for S. H. Jones in the General election, for Sheriff. Since they thought I had been honored enough, don't you, voters, think the same about them?

W. H. McDonald has prided in keeping the office in good condition, met the people cordially, and looked after the business of the office judiciously. He has furnished the office with typewriters and other necessities, so as to keep the records in a nice condition. He has made a good clerk and prided in looking after the business of the office. He will have only served the people one term at the end of the present term. He is a cripple and it has always been customary to elect a clerk the second time or more. H. H. Hunter, on account of his being a cripple and a good officer, was elected by the people of this county to the Circuit Clerk's place four or five terms. Hunter finally resigned.

Why not elect W. H. McDonald a second time; who has made a good and efficient clerk. Voters consider well before you cast your vote. Respectfully,
L. H. Jarvis.

Colored People Endorse W. H. McDonald for Clerk

To Our Many Colored Friends:

I have been informed that there would be, or possibly is now, circulated the story that W. H. McDonald brought suit against the L. & N. R. R. Co. because he was compelled to ride in the colored car with a colored prisoner, which happened way back in June, 1893.

This car was set apart for the colored people and it was the duty of the railroad company, in my judgment, to prevent the whites from riding in the coach set apart for the colored people, as well as to prevent the colored from riding in the white coaches, and I do not think that this should have anything to do whatever with the colored voters of Knox County. You know Mr. McDonald; I know him. He has always been our friend in every great and laudable undertaking that we have ever had. He stands behind the colored people and assists them in every way possible. I believe the colored voters should stand square behind McDonald, for he is the right man and should be elected.

While I am not a voter, I am a close observer of human nature and I know who the friends of the colored people are. I appeal to you, my colored friends, to stand by McDonald. He is a cripple. He is qualified. He is a poor man and needs your assistance. Don't fail to go to the polls and cast your vote for him.

I am very truly yours,
M. L. JONES, Sec'y.
Knox County Colored Fair.

"The Pioneer Republican"

of London, Ky., solicits your support in his race for

State Senator

In the Seventeenth District,
Composed of McCreary, Pulaski, Rockcastle, Jackson,
Laurel, Whitley, Knox and Bell Counties.

Republican Primary, Saturday, Aug. 7, 1915.

He has done longer and more valiant service for his party than all his opponents. In his public works he has unflinchingly championed the cause of the Mountains and is best fitted for the office he seeks. He favors the submission to a vote of the people the question of state wide prohibition. He will support all acts and measures that will benefit his district, and he ever on the job.

Elect McDonald

To My Colored Friends and Members Of My Church:

I desire to say to each and all of the colored voters of Knox County that I have known Mr. W. H. McDonald, since I first came to Knox County, and can say for him that he is, indeed, a colored man's friend. He is not only a friend to the colored man in his every day life but a friend to the colored churches, the fairs and any and all things that tends to help them up. He, while not a candidate, is always willing and ready to help the colored man. And, I believe it to be the duty of each colored voter in Knox County to stand by Mr. McDonald, because he is qualified to fill the position. He is a true blue Republican, having never voted any other way, except the straight Republican ticket. His family, many of them, I am informed was in the Civil War fought for the cause of Lincoln and the colored man. I believe he will be a colored man's friend in the future and that when you meet him on the streets he will meet you with that same smile and greeting he did before being elected to the office he now holds. I hope that each of you will see your way clear to stand by this man, because he is your friend, a true Republican and needs the office.

Don't believe the things that are being circulated on him because they are electioneering schemes and I am told that they will not hold water.

Very truly yours,
C. E. ROBERTSON, Pastor
Baptist Colored Church.

These people have been cured by Mr. Bingham's medicine. Many other cases have been cured, and he is still curing them.

GEORGE THOMPSON
 Lily, Ky.
 I can say to all people that are suffering with Pellagra and stomach trouble to use Bingham's Herb Medicine. I had a bad case of it. I couldn't eat anything but what it would hurt my stomach. I reduced flesh about six months. When I commenced taking Bingham's Herb Medicine I weighed 90 pounds and now I am well and weigh 135 pounds and feel as well as I ever did. I commenced taking Bingham's Herb Medicine Oct. 12, 1914. I have used seven treatments and it cured me. If anybody doubts my testimony, write to me. God knows this is a true testimony.

MRS. ALICE DOWELL
 Straight Creek, Ky.
 I want to give my true testimony to everybody, what Bingham's Medicine has done for me. I had been sick over a year and I had doctors with different troubles and female trouble and a run down system and was not able to do anything for six months and was very bad off. They had me in the hospital at Pineville and no doctor could cure my disease. When I came back home I heard of Bingham curing several different people here in the mining camps. I told one of my neighbors to send Mr. Bingham to my house when he came in the camps again. He came to my house about the first of Nov. 1914, and I just could sit up in a chair and I told him that I wanted to try his medicine and he told me he could cure me if I would take his Herb Medicine long enough. I bought a 12 days treatment of his medicine and it helped me and I took his medicine on and got better right on and in a month I was able to go to the store and to do my trading and all of my work around the house and in two months from the time I began taking his medicine I was well. I weighed about ninety pounds when I commenced taking Bingham's Medicine and now I weigh 118 pounds, that is my standing weight. If anybody don't believe my testimony write to me. I do praise the Herb Medicine for what it has done for me and I advise all sickly people to use the Herb Medicine.

NANCY THOMPSON
 Wife of Walter Thompson.
 Varilla, Ky.
 I had Pellagra four years and had a bad case of it, and was unable part of my time to do anything, and had doctored with different doctors and they told me if I would leave here and change climates I might get well, and I fixed to leave and my husband went over to Straight Creek mines and saw Sparks, Walter and Maggie Allen and they told him that Bingham had cured

them of Pellagra and other troubles. My husband told me about it when he came home and I went over to Straight Creek mines and met Bingham and had a long talk with him about curing Pellagra and Bingham said if I would use his Herb medicine long enough it would cure me, that he had cured many other cases. I bought a 12 days treatment and took it and went to getting better every way. I commenced taking his Herb Medicine Oct. 5, 1914, and took \$8.00 worth of it cured me. I am well and hearty, and I advise every body to use Bingham's Herb Medicine, it will cure them.

MR. GEORGE ASHER
 Straight Creek, Ky. Aug. 1, 1914
 I had Pellagra and stomach trouble, the doctors failed to cure me. W. M. Bingham, of Himyar, Ky., came to my home with his Herb Medicine. He said he could cure me. In seven weeks after I commenced taking his medicine, I was well and able to go in the mines and work. I advise everybody to use Bingham's Herb Medicine.

MRS. S. J. SEVIER
 Straight Creek, Ky.
 Mr. W. M. Bingham:
 I write you to-day to let you know that I am well. I think I have taken enough of your medicine. I have been taking it about two months and I feel as well as I ever did and I can eat anything I want. When I began taking your medicine I was very sick. I had stomach and liver trouble, and Pellagra and could not eat anything that would not hurt my stomach, but now I eat anything I want and have gained several pounds.
 Yours truly,
 Mrs. S. J. Sevier.

MRS. SUSIE DYER
 Mrs. Susie Dyer, Bailey's Ky. makes the following statement: "I can say to all who are suffering with Pellagra to use Bingham's Herb Remedy. I had Pellagra and was bothered with my stomach I commenced using Herb Medicine September 10. The first treatment helped me and I used about five treatments, and that cured me. I am as well and feel as well as I ever did. I can eat hearty and have gained several pounds. God knows my statement is true. You try the Herb Medicine and it will be the witness."

SPARKS WALLER
 Straight Creek, Ky.
 I had a bad case of Pellagra about a year ago. I tried the doctors and they could not do me any good. I had running sores and turned very dark. Mr. W. M. Bingham, of Himyar Ky, came to my house August 10, 1915, with his Herb Medicine. I was sitting on my bed, and he told

me if I would use his medicine it would cure me. I took a twelve days treatment, and commenced getting better. I used his medicine and in eight weeks I was well and feeling as well as I ever did, and feel stouter than I ever was. When I commenced using this medicine I weighed 110 pounds and I now weigh 177 pounds. I advise every one who has Pellagra to use Bingham's Herb Medicine.

MRS. MATTIE ROBERTSON
 South Corbin, Ky., Mar. 3, 1915.
 I can praise Bingham's Herb Medicine for what it has done for me. When I began taking Mr. Bingham's Herb Medicine, Jan. 1, I weighed 140 pounds I took four pints and now weigh 165 pounds and feel better than I ever did. When I commenced taking this medicine I had bad stomach trouble, at times I could hardly do my house work. I would get worse and I am sure I had Pellagra. My husband heard of this medicine and got one pint for me and I commenced taking it and one pint helped me. My neighbors say I don't favor myself. I have gotten so fleshy and feel so well. I can work all day and don't get tired now and can eat anything and praise the medicine for what it has done for me. I advise all who have stomach trouble or Pellagra to use Mr. W. M. Bingham's Herb Medicine and get well. What a blessing good health is.
 Mrs. Mattie Robertson.

MRS. MAGGIE ALLEN
 Straight Creek, Ky. Nov. 18, 1914
 I had Pellagra and liver trouble for three years, and I have doctored with different doctors and they all failed to cure me. Mr. W. M. Bingham, who lives at Himyar Ky, came to my house August 1, 1914, with his Herb Medicine and told me he could cure me. I was bad off then and not able to do anything. I took a twelve days treatment of his medicine and his Herb Medicine helped me. In seven weeks from the time I began taking the medicine I was well and I felt better than I ever did, but I used his medicine after I got well for about a month. In about two months and a half I gained 40 pounds. I advise every one who has Pellagra to use Bingham's Herb Medicine. I believe it saved my life, and that I would have been dead now if I had not took it. God knows my statement is true.
 Mrs. Maggie Allen.

RACHEL ADKINS
 Corbin, Ky.
 I was taken sick about two years before I commenced taking Bingham's Herb Medicine, with a strange disease. Doctors could not cure me I got worse, and

worse all the time, doctors said I had bad stomach trouble, female trouble and kidney trouble, I was down and unable to get out of my house for five months. I had several doctors to doctor me and I had spent all I had. I got awfully weak and I could not eat anything but what it would hurt my stomach and make me sick and throw up. Mr. W. M. Bingham from Himyar, came to my house Dec. 1, 1914, and wanted to sell me some medicine and I told him that I had doctored with different doctors and none of them could cure me. I was so weak that I could hardly talk to him. He prevailed with me to try a treatment of his Herb Medicine, he said he believed he could cure me. I bought two treatments of his Herb Medicine and I went to taking it and commenced getting better. I used \$7.00 worth of his medicine and it cured me. I am well and can do any kind of work and feel as well as I ever did and can eat anything I want now and it won't hurt my stomach. I have gained 30 pounds in weight. I advise every body to use Bingham's Medicine. God knows my statement is true and if anybody doubt it write to me at once.

MRS. CARNIE MILLER
 Himyar, Ky.
 I had a bad case of Pellagra, stomach trouble and female trouble for about 4 years. I took Spills and didn't think I could live. I tried several doctors and they could not do me any good. On July 5, 1912, I commenced taking Bingham's Herb Medicine and in two months and a half I was well. I have been well two years and advise all persons who may have these diseases, to use Bingham's Herb Medicine. it will cure you.
 Mrs. Cornie Miller

MRS. MARY ELLIOTT
 Pineville Ky.
 I had rheumatism, liver and stomach trouble. I could walk only a little bit around the house. I could not do any work. I commenced taking Bingham's Herb Medicine and the first treatment helped me, and I took the medicine six or seven weeks and it cured me. I feel as well as I ever did, and can do any kind of work. My testimony is true and the medicine will prove it to anyone who will try it. It is a winner.

On last Friday Mrs. Jack Bradley gave a five course luncheon in honor of Mrs. H. L. Baird, of Tinsley, and Miss Hallie Errett, of Cincinnati. The table was beautifully decorated with pink and cream roses. The place cards were hand painted. Those present were:

Mesdames

F. D. Sampson, W. R. Barner, R. M. Rankin, C. P. Kennedy, Chas. Rathfon, H. L. Baird, Miss Hattie Errett.

M. E. Revival

Rev. W. F. Gregory and Rev. E. N. Early held a five weeks meeting at Wilton, Ky., with the following results:

As a whole 412 conversions, out of which 229 were baptized with a remainder of 40 to be baptized the 4th Sunday in August. This meeting has never been equalled in this country the older citizens claim.

Rev. Gregory is a student of Union College and pastor of the Barbourville circuit.

Rev. Early is Pastor of the Corbin Church and an able evangelist.

W. F. Parker for Representative

Parker has canvassed the most of Whitley County for the past two weeks on a public speaking tour. He reports the majority of the people for him in every precinct.

He is endorsed by the leading Republicans in Knox County and is the strongest candidate for the nomination.

He stands for some improved Legislation. Why not help nominate a man who has an ambition to do things? He is for a fair redistricting act giving Knox and Whitley counties each a Representative. He is against the sale of liquor. He stands for the monthly payment of school teachers in the State, and for free school books for the State.

He is a home boy, a self-made man, a man who will respect his oath and discharge the duties of the office to the best of his ability. When you vote for Parker you help nominate a man who will add strength to the ticket in the final campaign. When you go to vote on August 7 for Representative look under the Log Cabin, you will find his name, the third man on the ticket. Place your stencil in the square opposite his name and he will be very grateful to the Republicans of Knox and Whitley counties. (adv.)

IT LOOKS LIKE SNYDER IN McCREARY

Pine Knot, Ky., July 18th, 1915
Mr. J. B. Snyder, Chairman
Snyder Campaign Committee,
Williamsburg, Ky.

Dear Sir:

As to the situation in this section in relation to the candidacy of J. B. Snyder, we would say that the prospects are very good. Mr. Snyder will sweep the old Whitley section of this county strong, and we have made diligent inquiry and from information thus obtained, we would not be surprised if his majority should reach 1600 in the county. Both the North and South ends of the county seem to be united and supporting Mr. Snyder's candidacy.

Yours respectfully,
John West, Wm. H. Meadors
John R. Meadors.

Artemus

We notice some cards out alleging that our good friend Henry McDonald has spent his money riotously in automobiles. Was the money not his and as an American citizen is he not entitled to spend it where he pleases? At any rate, what has that to do with qualifications for Circuit Clerk?

J. T. Bradley, C. E. Bullard, J. Q. Angell, and R. R. Wheeler coal operators on Brush Creek, spent a few hours in Artemus Thursday.

Thursday was the day for the Ghost to Walk for the Cumberland R. R. boys and as a result all the merchants were kept busy saying, "And, now what'll you have."

T. A. Cox transacted business for his company at Wheeler Wednesday.

W. E. Farmer, J. A. Whitaker, and Wm. Hubbard, all prominent Knights of the Grip, paid our merchants a call Thursday.

Would ability to seal lots in Kalamazoo or buy cattle in Podunk be a criterion by which you could judge ability to conduct an office in the gift of the people?

Miss Lucille Bowman of Pineville has been the guest of Miss Nora Lee Rice this week.

Oscar Black, of Knoxville, paid his usual monthly visit to Artemus Saturday.

S. H. Fulkerson, Assistant Trainmaster of the L. & N. spent a few hours in Artemus Sunday on business for his company.

A box supper was given Friday night for the benefit of the Helton terrors. Twenty-five dollars was raised by the undertaking and Manager Helton and his entire bunch of Terrors greatly appreciate the assistance rendered. Quite an enjoyable time was had and Sheriff Lewis, in his happy vein, gave the crowd an address.

If we should have a brain storm this week it will be induced by pardonable pride. Artemus is certainly getting on the baseball map, the efforts of our sister village to the contrary notwithstanding. The three teams representing the town retained the bacon in each game.

Messrs W. H. Gaddie and John Hinnich, of Pineville, spent Sunday with Mr. and Mrs. W. B. Starke.

Misses Margaret Newson and Carrie Davis visited Barbourville Monday.

Had the Thaw case never happened, the presumption is that Brain Storms would be intellectual hurricanes.

We are greatly pleased to know that the good roads will pass through the village of Artemus notwithstanding the efforts of our distinguished citizen, to the contrary.

V. C. McDonald attended the Warren-Artemus ball game Saturday and while here received a great deal of encouragement relative to Henry's prospects here. No. Ogleshorpe, he wasn't in a buzz-wagon, he was horse-back.

Will somebody loan us their Yellow Jacket and a copy of Geo. Ade's fables in slang? We want to try to get witty and like our good friend, and fellow scribe, want to imitate the best in the line.

Floyd Rice, the clever engineer on the Cumberland, spent Saturday in Louisville. Some of his friends say that the attraction was a fair blond damsel with raven tresses.

Messrs L. T. Helton and A. A. Rice and Misses Florence Lindsay and Mariebelle Lyons spent Sunday at Dishman Springs.

The good people of the town were somewhat surprised at the unseemly conduct of John McNeil Tuesday morning, but the mystery was soon cleared up when it was learned that another young railroader had arrived during the night. The mother and babe are doing nicely, but "Mac" has not yet gotten over the effects.

A number of Artemus' finest have accepted lucrative positions surveying the county roads. If enthusiasm would build roads it would only be a short time until "tin-lizzies" would be as thick on the pike as fleas on a dog's back.

W. B. Myers, the Pineville Grocery salesman, discussed the merits of his wares with our merchants Tuesday.

Messrs. T. H. Hayden and W. B. Starke spent a few hours in Pineville Tuesday.

Geo. H. Gardner, of the L. & N. legal forces, was in town Tuesday.

Est. G. B. Deatherage, Champion of good roads, spent Monday in Artemus. The citizens of Artemus are very proud of the efforts put forth by Squire Deatherage in securing the road through this section, where material could be economically delivered by the railroad to all parts of the route and the fact that we have secured the road is due in no small degree to the bull-dog tenacity of our efficient magistrate.

Warren vs Artemus

The Warren Base Ball Club came down to our peaceful village last Saturday afternoon with the intention of beating the boys a game. Yes, gentlemen they were actually going to shut us out and for proof of this they actually had a score card made out thusly: Warren 4, Artemus 0, but to their great surprise they found Artemus too strongly entrenched for them and after the battle of nine innings had cleared away, they had to return to Warren a very heartbroken bunch of ball tossers, for instead of the game terminating as the Warren boys had prophesied, it resulted in 6 to 5 victory for Artemus. The Artemus boys in this game displayed their "Never give up" spirit, for when the ninth inning came around they were two scores behind, but they went into it

this inning with a victory in sight. Hayden opened up with a single but Perkey fanned; Trosper beat out an infield hit, Hopper singled scoring Hayden, Landrum doubled and Trosper and Hopper crossed the plate winning the game. Perkey pitched great ball throughout the game and had the heavy hitting Warren bunch at his mercy with the exception of the third inning when they managed to make four scores. In the fifth inning Warren had the bases full with only one out but a fast double play executed by Cox, Trosper and Mayhew killed their chance of scoring in this inning. One of the features of the game was "Poots" Rice perfect peg from deep left field to home thereby getting Jim Dixon at the plate.

Notice--Trustee Sale

In the United States District Court Eastern District of Kentucky.

In the Matter of Tye Wheeler Coal Company in Bankruptcy No. 1129, a Bankrupt.

Under and by virtue of a Judgment rendered in the above styled action by W. W. Tinsley, Referee in Bankruptcy, on the 23rd day of July, 1915, I will, as trustee in Bankruptcy for the Tye Wheeler Coal Company, on the 3rd day of August 1915, between the hours of 10 o'clock a. m. and 4 o'clock p. m. sell to the highest

and best bidder, at the mining plant of the Tye Wheeler Coal Company, at Elys, Ky., the mining lease with all of the rights and privileges belonging thereto, executed by the Camp Coal Company, to the Tye Wheeler Coal Company on 31st day of Jan., 1914, and running for a period of 25 years. Said mining lease covers a large acreage of coal, a developed mine, a mining plant, cars, machinery and track, and all things necessary to operate the said coal mine. Said lease contract is of record in the County Court Clerk's office of Knox County. Said property will be sold at the mines of the Tye Wheeler Coal Company near Elys, Ky., on a credit of six months. The purchaser to execute bond with approved security. Said mining lease and right are to be sold free of all incumbrances.

The said Trustee resides near the mining plant at Elys, Ky., and will show any prospective purchaser over the property any day before the date of sale. For any information regarding said property, call or address the undersigned Trustee at Elys, Ky. This mining plant is situated about ten miles South of Barbourville, the County Seat of Knox County, on the Louisville and Nashville Railroad.

Given under my hand this 23rd day of July, 1915.

NOAH SMITH, Trustee in Bankruptcy for the Tye Wheeler Coal Company.

Mr. and Mrs. Charles Roney were the guest of Dr. and Mrs. Sneed Sunday.

J. L. Westerfield was attending to some business matters in Barbourville last week.

Mrs. W. R. Dixon left last week for Illinois where she will visit her old home for several weeks.

Boling Newson and Claud Barbee of Raleigh N. C. were in Warren one evening last week.

Mr. and Mrs. John R. Little had as their guests Saturday and Sunday Mrs. Little's mother, Mrs. Mary H. Edwards of Pineville and sister Mrs. Dr. Will K. Evans and her three children of Middlesboro.

Picnic at Pineville

Lawrance Kuhn and Samuel Ormack went to Pineville Saturday and accompanied a large bunch of Pineville folks on a picnic Sunday up in Pine Mountain on Judge Asher's place above Wasiota.

The picnic was given by A. H. Card in honor of his brother's A. C. Card's forty fifth birthday and for two charming girls, Misses Louise Fritsche of Indianapolis and Miss Ruth Ayala of Key West, Florida, house guests of Misses Sadie and Lucile Card. The boys were favorably impressed with hospitality of the Pineville folks and came back full of praise for the big time they had and hope to be able to return the favor sometime.

Warren Loses to Artemus

Artemus defeated Warren on the Artemus diamond last Saturday 5 to 3 in a game replete with errors but not all together a featureless game. Warren took the lead in the fourth inning and practically had it on ice but in the ninth by some awfully loose infield work Artemus filled the bases with one down and then they got next to Dixon's twisters for four clean hits which gave them three runs and the game as they had gotten three runs in the earlier part of the game. Tommy Hayden who has always been the bulwark of the Artemus team played one of his best games behind the bat and when it came to slugging he was right there with the big mit getting four hits out of four times up and it was due to his hit in the ninth that Artemus started the batting line. Parker playing center for Warren made three sensational catches which were as good as ever seen on any diamond. Warren with the support generally accorded the pitcher would have won easily but the Artemus boys played a better fielding game and got by with it. But why should our boys worry, they have taken two out of three from Artemus. "Now crow daggone ye."

CANDIDATES ARE WARNED

Money and Whiskey Must Not be Used

Let me again call attention of all candidates and their friends to the law denouncing the crime of vote buying and vote selling, and the use of intoxicating liquors to influence voters in elections. The same law applies to both primary and general elections, and is broad enough to cover all phases of wrong doings in elections. On August 7th, we will have a primary election for the nomination of candidates of all political parties. No candidate or other person, can use, either for himself or another, directly or indirectly, money or other things of value, whiskey or other intoxicants, to influence a voter in the coming primary, without violating the law, and subjecting himself to a heavy fine or imprisonment or both, and the far greater penalty of being forever after disqualified from holding office, and be excluded from voting in any election. These penalties are severe, but one who willfully violates these statutes can claim no sympathy and will receive none, when indicted and arraigned upon the charge.

In order that no person may be taken advantage of and that all may know in advance the purpose of the Court to have a thorough investigation of the election, at each voting precinct in Knox, Whitley and McCreary, I am issuing this statement. Let no man be deceived. No guilty person, no matter how influential, or powerful in politics, or otherwise, will be able to escape indictment, and prosecution, if he violates the election law. A special Grand Jury will be empaneled, in each of the aforesaid counties, and vigorously instructed to probe the whole election by precinct, and the doings of each candidate and his workers. No person will be accepted as a member of the grand jury who has taken active part in the election, except to vote. Only good, strong, true, sober, discreet citizens, who believe in the enforcement of the election law, will be able to qualify, and that, too, after they declare their willingness to undertake the work with vigor and a full determination to bring to justice all who have violated the election law.

All election officers, including challengers and inspectors, at each precinct in all three counties, will be summoned and required to appear before the grand jury and testify. All candidates and their "workers" from all parts of these counties will be likewise summoned and no one will be excused. The bankers will be called to give information concerning money used, and the express and freight agents to tell of the shipment of whiskey.

All good citizens of each county should organize; sound the warning, and have detectives at each voting place to take names and furnish information, to the prosecutors, and then all stand together, for the enforcement of the law, so that in the future the ballot shall be free and untrammelled.

The practice of hiring men to ride through the country and electioneer for a candidate is both improper and unlawful. It is an imposition on the voters, and the money thus expended is

Chas. D. Arnett - OF - Morgan County

Democratic Candidate - FOR - Secretary of State

I wish I could meet every Democrat in Kentucky before the August Primary. That is impossible. I will, therefore, ask you to vote for me August 7, in the Primary, and again November 2, in the general election. Then come to see me in the Secretary of State's Office at Frankfort. By my faithful services I will make you glad you nominated and elected me to that important office. My record as a Democratic Senator from the 34th District (Morgan, Magoffin, Wolfe, Breathitt and Owsley counties) is approved by my people.

Be sure to find my name on the Primary Ballot. Then it will be easy to mark it like this:

For Secretary of State Chas. D. Arnett X

generally intended to and does bribe and influence the man thus employed. The man who has to be hired to electioneer for a candidate is himself bribed when he accepts such employment. The electorate must not be imposed upon by these hired agents and "strickers", because they are emissaries, carrying falsehood and slander for pay. Such a man is no better than he who sells his vote outright. He is attempting to sell his influence and his friends both for money. He is betraying his friends, if he has any, and selling himself all for one price. The grand jury will be directed to seek out such bribe takers and indict them along with those who sell at the polls.

In order that all offenders shall be prosecuted alike, and that no one may expect immunity, a special Commonwealth's Attorney will be appointed in each county for election cases. In the selection of this officer, care will be exercised to secure the most fearless and aggressive prosecutor at the bar, and he will have charge, both in the grand jury room and in the trial of such cases as arise upon indictment.

This can and will be a clean primary, if the good people of the district will but demand it, and stand for law enforcement. The last few elections have shown wonderful improvements over the old corrupt methods, when men were drunk and disorderly, and buying and selling was open and passed unpunished. But we now have more advantages and light, and should act accordingly. An election should be an orderly and sane affair, free from bribery and above common drunkenness. And this will come, as it is sure to come, through the law abiding citizenship, aided by the Courts.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by the removal of the cause. Deafness is caused by an inflammation of the middle ear, and the removal of the cause. When this tube is inflamed, it can have a running sound or hum, or a feeling of fullness, and when it is entirely closed, deafness is the result, and unless the inflammation is taken out and this tube restored to its normal condition, hearing will be destroyed for ever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces. ers throughout the country was made recently by the Washington correspondent of New York newspaper. He wrote 500 letters. The replies indicated Senator Root, of New York, as the first choice of the politicians to whom the letters were addressed. Senator Burton and Senator Weeks, running closely together, seemed to be next in favor.

It is doubtful if the Progressives would stand for Mr. Root even should the convention give the second place on the ticket to one of bull moose tendencies. A race in the New York primaries, however, between Mr. Root and Col. Roosevelt would be not a little exciting.

Because of the fact that one of progressive tendencies seems to be demanded, the friends of Senator Burton just now are pushing his candidacy with vigor. His record, they say, demonstrates that he is progressive, though not radical. Mr. Burton's fight against rivers and harbors appropriations will prove to be obstacles in the way of his presidential ambition. He has made many political enemies throughout the country in this way, and they are a very busy lot. His backers say this would develop into an asset should Mr. Burton gain the nomination.

As conditions are now represented and in the judgment of the wisest politicians of the country, the Republican nomination for president in 1916 will be about as much in doubt when the convention meets as it is at the present time. In 1888 it took eight ballots to bring forth Benjamin Harrison, of Indiana, as a choice of the delegates. Since then it has been a habit of Republican conventions to nominate on the first or succeeding ballot. Unlike the rule in Democratic convention which requires a two-thirds majority, the Republicans nominate by a bare majority.
